Dr. Walker's California Vinegar Bitters act on all these cases in a similar manner. By purifying the Blood they remove the cause, and by resolving away the effects of the inflammation (life tubercular deposits) the affected parts receive health, and a permanent cure is effected.

The properties of Dr. Walker's Vinegar Bitters are Aperient, Diaphoretic, Carminative, Nutritions, Laxative, Dimetic, Sedative, Counter-Irritant, Sudorific, Alterative, and Anti-Bilions.

The Aperient and mild Laxative properties of Dr. Walker's Vinegar Bitters are the best safe-guard in cases of cruptions and malignant fevers. Their balsamic, healing, and soothing properties protect the humors of the fauces. Their Sedative properties aliay pain in the nervous system, stomach, and bowels, from inflammation, wind, colic, cramps, etc.

Their Counter-Irritant influence extends throughout the system. Their Anti-Billions ploneer levelled his piece at the foremost; and at the very instant, little Peter, wild with excitement, sprang plump down before the muzzle of the gun, which sent out its flash and roar, and dropped from the man's hand as if the ball had entered his right arm and shattered the bone.
